

A Post.
MR. CHANDLER, of the U. S. Gazette, thus eulogizes the whig candidate for the office of Governor of North Carolina:

NORTH CAROLINA.—We hope to hear good news from North Carolina, relative to the proceedings to be had on the first day of August. The gentleman selected by the whigs as the candidate for Governor, is one every way worthy the vote of patriots. He is capable and honest—able and willing to do his duty; and we cannot doubt that the Whigs of North Carolina will manifest their ability to appreciate the value to their party and the Commonwealth, of such a man as William A. Graham.

All this is very complimentary, to be sure, and very kind, but it will perhaps strike readers of the Gazette as a little remarkable, that so much anxiety should be manifested for the election of a violent anti-tariff man. Mr. Graham was in the U. S. Senate in 1812, had not only voted against the present tariff, extolled by the whigs as the very acme of perfection, but used every other means in his power to defeat it. How very sincere must be the tariff homilies daily uttered through the column of the Gazette, after such a prayer for the success of one of the tariff's most bitter enemies!

FRIGHTFUL RAILROAD CATASTROPHE.—The Reading Railroad Bridge over Mill Creek, the other side of Manayunk, gave way Friday, 19th inst., under a train of thirty-five empty burden cars, which were passing it, and the greater portion of the structure, with the whole of the cars and tender, fell with a tremendous and destructive crash into the stream and road underneath—most of the cars sustaining an entire wreck. The locomotive had nearly reached the opposite side of the bridge, when the engineer was suddenly made aware of his danger by a tremulous motion of the timbers. He instantly threw on all steam, and had just cleared the bridge and saved himself by jumping off as the catastrophe ensued. His escape was most wonderful. He was the only person with the train. The locomotive having been detached, kept on at a furious rate for some distance beyond Norristown before it was stopped. The people along the road and the citizens of Norristown were struck dumb with amazement, until the true state of the case became known.—*Spirit of the Times.*

LOSS OF THE STEAMSHIP MANCHESTER AND TWENTY-EIGHT LIVES.—This vessel, sailing between Hull and Hamburg, has been lost, with every soul on board. She left Hull under the command of Captain Dudley, on the 10th, with a miscellaneous cargo; and, on arriving on the opposite coast, struck on the Marle Sand, on the coast of Holstein, about twenty-five miles from the shore, during a hurricane, and became a complete wreck. The number of persons who perished by this catastrophe is twenty-eight, twenty-two of whom formed the crew, the remainder being passengers. The passengers were Mrs. St. George Smith, Miss Emily Smith her daughter, Mr. St. George Smith, Mr. Rotherby, a wool merchant of Leeds, Mr. Frost, of Manchester, and one unknown.

The loss is ascribed by some naval men to want of judgment. The value of ship and cargo, it is said, exceeds 25,000.

IMPORTS AND EXPORTS OF NEW YORK.—The New York Republican gives the following comparative statement of the Imports and Exports of the District of New York, during the first six months of the year 1843, and the first six months of the year 1844:

	1843.	1844.

SMALL FARMS AND SKILFUL FARMING.—The following brief but comprehensive letter copied from the New Genesee Farmer excites a good deal of commendation from the agricultural journals of New England:

Small Productive Farm.—I raised the past year from 20 acres of land, 700 bushels of potatoes, 80 bushels of barley, 25 bushels of beans, 15 bushels of wheat, 10 bushels of beans, 4 tons of mowed oats, 6 tons of English hay, 10 tons of meadow hay, 40 bushels of corn, 20 bushels of carrots, 75 chickens and turkeys, and a great variety of garden sauce.

I have killed one hog, weighing 390 lbs., made 400 lbs. of butter, kept three cows, a pair of oxen, two heifers, two steers, eight sheep, four hogs. I have been on the place but two years, and have laid a clay loan, easy to work. I mix lime with my compost, and plaster my corn, potatoes and grass. I sort my potatoes before sale. Finally, I cook every thing I give my hogs, and feed warm and keep warm. A. T. ATKINS.

PURIFY THE BLOOD.—As the Blood in its life-preserving course is subject to continual waste, nature has provided for the supply of the exhausting fountain, by the conversion of our food into new blood. But whilst such ample means are provided for the manufacture of new blood, nature has been so solicitous in providing for the expulsion of that which is useless and decayed. This important office is performed by the bowels, and when Nature (who is always struggling to throw off offending matter) requires assistance in her benevolent intention, Brandt's Vegetable Universal Pills will be found singularly adapted to the purpose, because they remove through the stomach and bowels all corrupt humors from the body, in an easy, safe and effectual manner, producing no effect but what will finally conduce to the perfect purification of the Blood, and thereby cure the disease, (by whatever name it may be called,) and give perfect health to the whole system.

BALTIMORE MARKET.

Office of the BALTIMORE AMERICAN, July 20.
GRAIN.—The supplies of the new crop of Md. and Virginia wheats continue to reach the market steadily but moderately. Prices have been steady throughout the week at \$5 a 90 cents for good to strictly prime new reds, and at 70 a 85 cents for inferior to good. Red wheats to command 90 cents to-day must be strictly very prime. Sales of family flour white wheats at 92 a 98 cents; one parcel of very superior, raised on Pool's Island in the Chesapeake, was bought for seed at 102 cts. No receipts of old wheats of any kind.

WHISKEY.—The market has been calm and without change during the week. Sales of hds. continue to be made at 21 cents, and of bbls, at 22 a 22 1/2 cents.

FOR THE AMERICAN.
MR. EDITOR:—Myself and neighbors are decidedly in favor of again nominating EDWARD Y. BRIGHT, as the Democratic candidate for the Assembly. Mr. Bright made a very good member—he was active and industrious—always at his post, and did his duty faithfully. He was chairman of a very important Committee, and one that required a great deal of attention and labor. His appointment to this station shows that he had the respect and confidence of his fellow members, and they say that we never saw a more industrious and attentive member.

Mr. Bright took an active and leading part in retrenching the expenses of the Legislature, and in introducing principles of economy into every branch of the Government. He was on the Committee of Accounts, through whose exertions the reform which distinguished the last Legislature was brought about. He went about saving the people's money in earnest. A few days after the opening of the session, he offered the resolution which became a law, giving the Public Printing and Binding to the lowest bidder. This measure alone will save about TEN THOUSAND DOLLARS annually.

It was suspected that great frauds had been committed by the printers under former laws. The Committee on Accounts set about the investigation of these accounts with a determination to ferret out the frauds. Mr. Bright was one of the most industrious and persevering members of that Committee. The result was that overcharges of the printers, to the amount of thirteen thousand dollars, were discovered and suits directed to be brought to recover that sum back into the Treasury.

The contingent expenses of the last Legislature were not one fifth of the expenses of the preceding. Some \$15 or \$20,000 were saved to the Commonwealth in this matter alone, by the care and economy of the Committee of Accounts.

Mr. Bright then has done his duty faithfully and honestly. He has carried out the wishes of the people, and ought to be re-elected unanimously. Honor to whom honor is due. Let the faithful public servant be rewarded, and the best interests of the people will be faithfully represented.

SHAMOKIN.

FOR THE AMERICAN.
MR. EDITOR:—It being in accordance with the usages of the Democratic party, for the people, previous to the formation of the County Ticket, to bring before the public the names of such individuals as they may deem most worthy to discharge the duties belonging to the offices within their gift, we would recommend to the consideration of the Democratic Electors of Northumberland county, Maj. WILLIAM L. DEWART as a candidate for the Legislature. Should the people see proper to elect Maj. Dewart as their Representative, we feel confident that they will find in him a public servant of distinguished abilities, an intelligent, firm, and unwavering Democrat of the Jeffersonian school, and, consequently, the laboring man's friend.

WHEREAS, complaints have been frequently made that a number of boys have been in the habit of assembling in the streets, at night, and disturbing the peace of the community, by shouting and behaving in a disorderly manner.
THEREFORE, be it enacted, by the Burgesses, assistants Burgesses and Common Council, of the Borough of Sunbury, That, if three or more boys shall be found together in the streets or alleys, or at any time previous, shouting and making a noise or trespassing upon other people's property, or otherwise behaving in a rude, riotous and disorderly manner, disturbing the peace of the citizens, it shall be the duty of the High Constable to arrest such offenders and convey them before a Justice of the Peace, to be dealt with according to law, and every such person or persons offending, shall upon conviction of every such offence, forfeit and pay the sum of one dollar, to be recovered with costs of suit before any Justice of the Peace, of said Borough. One half to be paid to the person who shall give the information, and the other to the Burgesses for the use of the Borough; and for non-payment of said fine and costs, and want of sufficient distress whereof to levy the same, it shall be the duty of the High Constable, having obtained a warrant, from a Justice of the Peace for that purpose, to commit the offender to the common prison, there to remain for the space of 48 hours at hard labor, if said fine and costs be not soon paid.

THE Credit System

COSTS TOO MUCH!!
IT is now an acknowledged fact that the CASH SYSTEM is the only true one, both for the Buyer and Seller.
Just received our second stock of New Goods this season. We opened a new store on the Cash Principle last April, and the great reduction of prices it enabled us to make, the saving and satisfaction the customer finds in its adoption has rendered our store universally popular with all who have given us a call. Our stock of goods consists of all the variety of

Dry Goods, Groceries, Queensware, Hardware, Boots, Shoes, Hats, Bonnets, &c., &c., usually kept in a Country Store.
All of which we buy in New York and Philadelphia for the CASH ONLY, and generally from men who sell for Cash Only. We buy our goods cheap and sell them cheap; and we can do it, because we neither pay the debts of others, nor ask our customers to pay for other people's goods.—Every man pay his own debts, is our motto.

We wish to extend the benefits of this system, and therefore invite all who may hear of our store to give us a call, see for themselves, and act as wisdom dictates.
Don't miss the place. There are others who pretend to sell cheap, for cash. Our store is North of the Canal, in the brick building opposite to Mr. A. Montgomery's stone house, corner of Mill street and Bloomsbury road. Walk out, try us, and you will be well paid for it. RUSSELL & GRIER,

The Philosophical WASHING MACHINE.

THIS WASHING MACHINE, plain and simple in its construction, cannot fail to find its way into every family when its real value becomes known. The price (six dollars) is fixed at the lowest rate, in order to enable every family to obtain one. The inventor guarantees that it will not require more than one fourth the usual quantity of soap—that it will wash in one-third the usual time, and what is a matter of great importance, the wear and tear is NOTHING, or at least so little, that it is not perceptible, so that finest black worsted and woollen can be washed, if necessary, in the same suds with linen and cotton. This may seem strange to those who do not know the principle upon which it is constructed. It is the only machine ever invented that washes upon the principle of the friction of water alone. All others wash upon the principle of friction or rubbing, by bringing the clothes in contact with some part of the machine. Independent of the great saving of labor, economy should bring it into general use. The poor man cannot afford to do without it, while the rich man will use it for convenience, if nothing else. Large families will save from five to fifteen dollars a year in soap alone, and not less than 50 per cent. in the wear and tear of clothes, besides the great saving of labor and expense in washing. The subscriber will guarantee that it will perform all that he has stated, if properly used. He has secured from the patentee the right to Northumberland, Union, Lycoming, Columbia, Luzerne and Clinton counties.
